Online Review of Applicant Federal Bureau of Investigation (FBI) Reports for Eligibility into a Nurse Aide Training Program

June 2009

Prospective nurse aide applicants who have not resided in Pennsylvania for the last two years must obtain a Pennsylvania State Police CHRI Report and an FBI Report.

On June 1, 2009 the Pennsylvania Department of Education (PDE) began providing prospective nurse aide applicants Federal Bureau of Investigation (FBI) reports online to designated and approved PDE staff who are required to review applicant criminal histories. This process is totally electronic and has reduced the amount of time it takes for PDE to process an applicant's FBI report, taking approximately one to three weeks.

The New Process:
There have been changes in the way an applicant will procure his or her fingerprint-based background check. Applicants will register online or by phone and then proceed to be fingerprinted at a Cogent Systems Fingerprint service site. Applicants must be registered with Cogent Systems prior to arriving at a fingerprint service site.

When applicants register to be fingerprinted after June 1, 2009, they will be instructed as to how they can request an unofficial paper copy of their FBI report. Applicants will not have online access to their FBI report.

Effective June 1, 2009, the requester MUST register on-line or by phone. When registering on-line please select the Pennsylvania Department of Education (PDE) service. Reports processed through the Department of Public Welfare cannot be accepted. If you mistakenly register through the wrong department, you must cancel that registration and register through PDE prior to being fingerprinted. Once fingerprinted, results cannot be transferred.

Effective June 1, 2009, applicant FBI reports will be made available online to the approved entities, via a secure web site. Only designated and PDE approved staff who are required to review applicant criminal histories will be given access to this web site. The PDE approved staff will require unique applicant information in order to retrieve a specific applicant’s FBI report and review that report in order to make a determination based on Pennsylvania Act 14 compliance. A letter of approval or disapproval will be generated by the PDE and sent to the applicant regarding their eligibility to enroll in a state approved nurse aide training program.

1. Applicant Registration. The applicant must register with Cogent Systems prior to going to the fingerprint service site. Fingerprint services will not be provided to applicants without prior registration at any fingerprinting location. Registration is completed online or over the phone. Registration is available online 24 hours/day, seven days per week at www.pa.cogentid.com. Telephonic registration is available at 1-888-439-2486 Monday thru Friday, 8:00AM to 6:00PM EST. During the registration process, all demographic data for the applicant is collected (name, address, social security number, date of birth, etc.) so there is no data entry required at the fingerprint collection site.
To ensure a successful registration and to avoid any data collection errors, please register yourself online. If you do register by phone make sure your social security number is collected correctly.

Applicants will be given a **Registration ID Number** when they complete their application. Applicants must present this number to the PDE nurse aide training approved entities in order to grant access to the report via the new electronic system.

**2. FEES.** As of 3/22/12, the applicant will pay a fee of $28.75 for the fingerprint service and to secure the Criminal History Record. Applicants may make their payment online using a credit card or debit card. Money orders or cashier checks payable: **COGENT SYSTEMS** will also be accepted on site for those applicants who do not have the means to pay electronically. **NO CASH TRANSACTIONS OR PERSONAL CHECKS WILL BE ACCEPTED AT THE FINGERPRINT SERVICE SITES.**

Note to Agencies or Facilities: **Cogent Systems has established a billing procedure that will allow the applicant’s fee to be billed to an agency that is willing to pay. Billing may only occur after the willing agency has completed the Cogent Systems’ Agency Billing Agreement. To establish a billing account, download an application from the Cogent website. The billing account must be established prior to sending applicants to the fingerprint site.**

An unofficial copy of their FBI Report mailed directly to the applicant. The unofficial paper copy **will not** be regarded as the **official report;** however, it will provide the applicant with a copy of the information.

**3. FINGERPRINT SITES.** Since April 2007, Cogent Systems has established over 80 sites across the Commonwealth. The PDE encourages all state-approved nurse aide training programs, public and private schools and employers of nurse aides to assist perspective applicants as to where they can access fingerprint service sites. When a fingerprint site is more than 20 miles away, contact Cogent Systems and suggest areas where another site could be established.

- **Processing FBI Reports:** After June 1, 2009, Cogent Systems will forward the applicant’s fingerprints electronically to the FBI. After the record check is completed, the FBI will forward the CHRI Reports electronically to Cogent Systems which will maintain the reports in a secure database. The approved and designated PDE staff will log in to access the reports of applicants who provide the Department with their **Registration ID Number.** The electronic process is expected to make reports available (online) within two days.

- **Fingerprint Corrections and Resubmissions:** In circumstances where a classifiable fingerprint record was not or cannot be obtained and immediately upon indication, Cogent Systems will take corrective action to re-submit, or re-print the applicant at no cost to the applicant. This corrective action will be completed at the earliest possible time when convenient for the applicant. Cogent Systems will contact the applicant directly via mail should this occur.

**NOTE:** Reprinting can be applied to each applicant one time only after which a name check would be performed through the FBI if fingerprints are rejected or unreadable a second time.
• **Confidentiality (Security) of Applicant Information:** On-site access to the Livescan equipment, and the data traveling from the equipment, is comprehensively secured and regulated by both Cogent Systems and the regulations governing the use of that data.

The Computer System – The system is housed within a secured network that is protected by firewall devices configured explicitly to allow only permissible protocols and traffic. Cogent Systems will ensure that all devices procured under this process continue to adhere to the Commonwealth’s Security requirements. The proposed systems will be configured to provide a point of defense with controlled access from both inside and outside the network. The Livescan systems will be configured to support logging and audit capability.

• **Inquiries or Questions:** As of June 1, 2009, Cogent Systems will have a help desk to assist administrators in using the new system. Individuals who are seeking additional information regarding the process and print locations may contact Cogent Systems at: [www.pa.cogentid.com](http://www.pa.cogentid.com).

(4) **REVIEWING AN FBI REPORT.** To review an applicant’s FBI report, the prospective nurse aide trainee must give the designated and approved PDE staff (PDE Nurse Aide Training Program) his or her **Registration ID Number**. To access a record, the designated PDE staff will go to the secure website, specific to the online access of FBI reports for PDE. Once the login is complete, the next screen will ask for the applicant’s **Registration ID Number**. After the number is entered, the FBI report will appear for the designated and approved staff to review.

**PDE Entities of the Nurse Aide Training Program:**

Based on the FBI findings, the PA Department of Education will send to the applicant an approval or disapproval letter to enroll in a **state-approved nurse aide training program**.

**Only the letter of approval from the PA Department of Education is acceptable for enrollment into a state approved nurse aide training program.** The administrator or coordinator of a state-approved Nurse Aide Training Program may request a copy of the approval letter by submitting a completed Release of FBI Approval letter from the applicant.

The Bureau of Career and Technical Education, Nurse Aide Training Program provides oversight for this process, as well as information. The designated and approved PDE staff members are:

Sheri Weidman  
Nurse Aide Coordinator  
Nurse Aide Training Program  
Shweidman@pa.gov

Arthur Richardson  
NATCEP Support Staff (FBI report processor)  
arichardso@pa.gov  
Phone Number: (717) 772-0814

Fingerprint applicants having questions should contact Arthur Richardson, at the number above.
