

Proposed PIMS Change Request Posting

Title: Career Standards Benchmark

PDE Program Office: Bureau of Curriculum, Assessment, and Instruction

Purpose of collection or modification: To allow for the reporting of student attainment of career standards benchmarks in grades 5, 8, and 12.

Estimated Burden to LEA: LEA will need to generate a report in the appropriate format to allow uploading of all students in grades 5, 8, and 12, and indicate whether each student has or has not attained the benchmark for their grade level. This will require additional staff time to enter data, and will likely require modification the local SIS.

Rationale: There is an operational need for LEAs to report student attainment/non-attainment of career standards benchmarks.

Impacts PIMS collection window: C6, full year to allow flexibility in reporting. Recommend May 31 as final due date.
