**Title: 2015-16 SY Change Requests for Performance Analysis and Reporting**

*Purpose of collection or modification:* Improve the quality of data received from LEAs that are used for precodes and accountability reporting.

*Rationale:* PAR needs a solution in order to get secure test materials and precodes to the tested AEDY site, which requires a physical address.

There will be no additional burden on the LEAs. The internal snapshots dates will align to the 2015-16 PSSA and Keystone administrations dates and accountability reporting. Typically, August, November, March, April, May and June.
