						<p>Very pleased with everything.</p> <p>I am not in agreement with how the IEP team makes decisions without considering my input. They changed placement without my agreement. I know my child can do so much better with supports and services in the general education classroom. I do not agree with the recommendations. Some staff are very nice and supportive.</p> <p>I think there needs to be more inclusion and opportunities for students with special needs in extracurricular activities. Based on your questions, I didn't know there was any type of training available, so I think that knowledge is probably important to parents in the school district with special needs.</p> <p>Grateful to have the opportunity to have a voice at the IEP meeting. Loves the people working with the student. Likes the tools they use for the children.</p> <p>Due to COVID it opened my eyes to knowing what work is and it helped with communication with teachers.</p> <p>Tends to limit from peers. Did not get much socialization and could use more help with that. Did not know about other transition activities available. It is hard to see child with no friends. The school team is really good and I am happy with their help.</p>
