						Information from the Student Survey indicates that some students responding feel that lack of transportation limits their ability to participate in extracurricular activities. The District needs to review the availability of transportation for special education students for extra-curricular activities, and to ensure that all students are informed of these opportunities according to their interests.	The District will convene a team in each building, consisting of at least the Special Education Director and the building Principal, with other personnel as desired, to review the extracurricular activities available at that building, compile a list of the opportunities available per building, determine what transportation is available for all students per building, and to ensure that each eligible student and his/her family is informed of the opportunities to participate in the extracurricular opportunities available in the relevant building. EVIDENCE OF CHANGE: A memo summarizing the information gained relating to extracurricular opportunities in each building, especially details about transportation for all students, and including documentation of how all eligible students and their families are informed of these opportunities, will be provided to the Advisor. before the due date.	09/30/2019  District resources.	09/25/2019  Extension Date: 10/30/2019
						FSA 15A Parent Survey Results	Parent Survey information indicates that responding parents do not always know about trainings offered by the District which they may attend. 						FSA 19A Teacher Survey Results	Survey information indicates that teachers responding seek tools to make better use of the common planning time they are afforded in their schedules. The District must submit an improvement plan to remedy this, which includes an element which adds structure to common planning time meetings. 						#4 – this will allow closure of FSA 15A - Parent Survey The District will develop and engage in at least two previously-untried methods of informing parents of training to be offered for them during the 2019-20 school year. One method will be to add links to the District Special Education page on the District website about specific PaTTAN trainings related to the IEP team process and other information for parents who are new to special education. The second method will be District choice, using existing District communications resources in a new way.	EVIDENCE OF CHANGE: The District will provide a memo to the Advisor before the due date, which summarizes the activities completed, for informing parents of trainings offered, and which provides data of parent participation in the trainings so announced, and compare it to previous years' parent participation data, for information about what types of training announcements are most effective in obtaining parent participation.	07/31/2020  District Resources; IU and PaTTAN resources are available if requested	
						#5 – this will allow closure of FSA #19A – Teacher Survey The District will add structure to the teachers' common planning time for regular and special education teachers together to discuss student-specific strategies, concerns, and on-going unified approaches to student problem-solving. Specific days of the week and times of day will be identified for these structured meetings in each building, during the regularly-scheduled time prior to the beginning and after the end of the school day, especially at the elementary schools and the middle school. Agendas of topics proposed by the team will be announced in advance of each scheduled meeting. A facilitator will be identified for each meeting, who will support the team in moving through the agenda item by item, according to the time allotted. A record-keeper will take attendance at each meeting, record the discussion outcome for each agenda topic covered, and keep a list of actions to be completed, due dates, and person(s) responsible. This written record for each meeting will be submitted to the building Principal, reviewed by that person, and responded to in time for the next scheduled meeting of this nature.	EVIDENCE OF CHANGE: The District will provide a memo summarizing how these structured activities have been implemented during the 2019-20 school year. A statement which includes benefits of the structured approach as well as areas in need of improvement will be included. The memo must be provided to the Advisor before the due date.	07/31/2020  District Resources; IU and PaTTAN resources are available if requested
