Dear Dr. Egan:

I have been informed that your agency has resolved the noncompliance with timelines for initial evaluation of students that had been identified as a result of the State Performance Plan follow up monitoring. This has been corrected as of November 1, 2011 by your agency.

As you know, federal regulations require states to monitor local education agency's compliance with federal and state requirements for special education. Your response to the monitoring and subsequent corrective action assures the continuation of improved special education services to Pennsylvania students.

The Department of Education appreciates your cooperation and the Bureau of Special Education remains available to you should you desire further assistance in the future.

Sincerely,
