TEACHER INFORMATION

Describe the LEA's system used to evaluate the performance of your teachers:

The Bedford County Technical Center Administrative Director evaluates all instructors employed by the school. Vocational 1 certified teachers are evaluated formally twice per year using the PDE 426 and Vocational 2 certified teachers are evaluated annually using the PDE428. After the teacher has completed at least three (3) years of service time and achieved six satisfactory semi-annual evaluations, the PDE 427 is used. The PDE 5501 is used for cooperative education coordinator and career and guidance counselor. If a staff member receives an unsatisfactory rating in any category or an overall unsatisfactory rating, a professional improvement plan is administered outlining the deficiencies and suggestions are given for professional development opportunities to help correct the weaknesses. All formal observations are followed by an individual meeting with the teacher to provide feedback and if necessary to discuss employment status. Suggestions for professional development are made in writing on the evaluation form for every teacher.
