BELLEFONTE AREA SCHOOL DISTRICT PROFESSIONAL EMPLOYEE SUPERVISION/EVALUATION PLAN August 2012 Revision
Effective supervisory plans regard professional employees as unique individuals with varying professional needs and skill levels. Bellefonte Area School District aspires to provide professional employees with continuous and career-long growth opportunities that take the varied needs of its staff into consideration by encouraging goal setting, reflection, inquiry, and risk-taking. In 2002, the Bellefonte Area School District developed a supervision plan focused on the implementation of exemplary supervisory practices identified by the Pennsylvania Association of Supervision and Curriculum Development (PASCD) and the work of Danielson & McGreal (2000). The plan was revised in 2004 and then again in 2008 and 2012. This plan provides a framework for professional growth with a greater focus on increasing student achievement through the effective implementation of exemplary supervisory practices identified by Nolan and Hoover in Teacher Supervision and Evaluation: Theory into Practice (2008).
