

SY 2008-09 PSSA-PVAAS Statewide Scatterplots

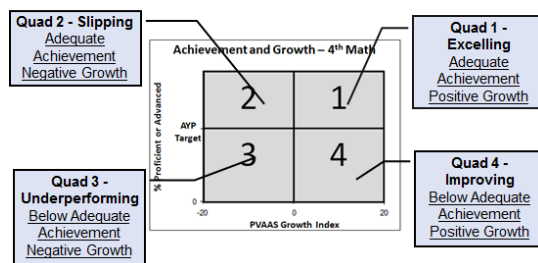

The PSSA-PVAAS Scatterplots visually display the following data from the statewide distribution of PSSA results for 2009.

1. From PSSA, the percent of students in each grade who scored Proficient or Advanced on the last exam. The horizontal line is the AMO target percent.
2. From PVAAS, the growth value of the cohort of students in each grade. A value of 0 indicates that the cohort has met the standard for growth in PA.

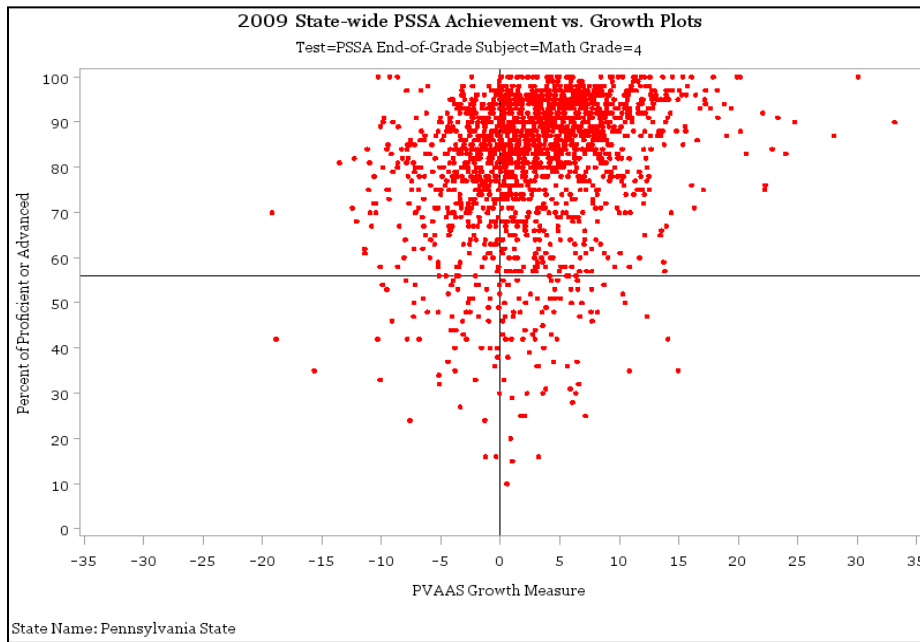

The panel below explains the meaning of each of the quadrants in each scatterplot.

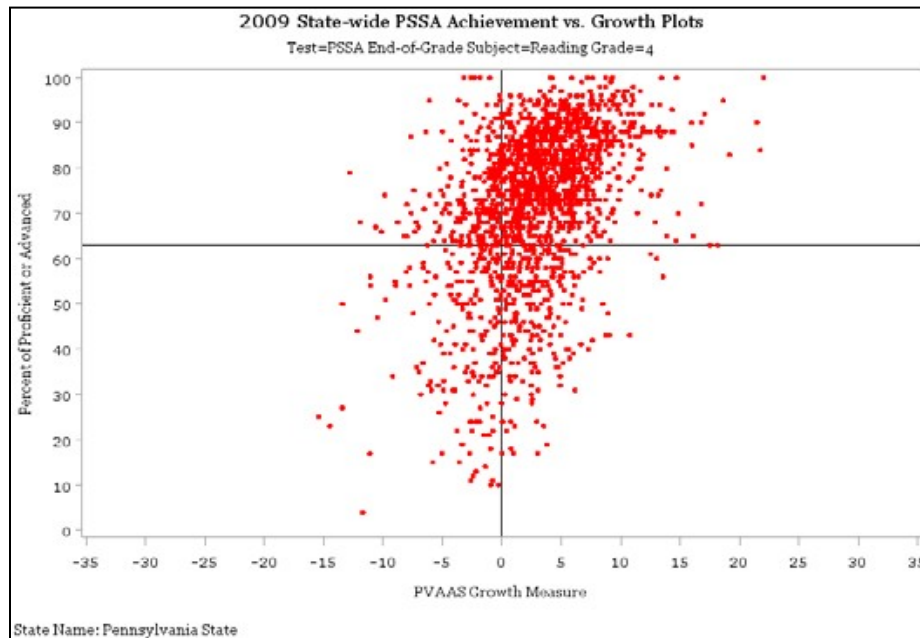

Scatterplot Quadrants and Their Meanings

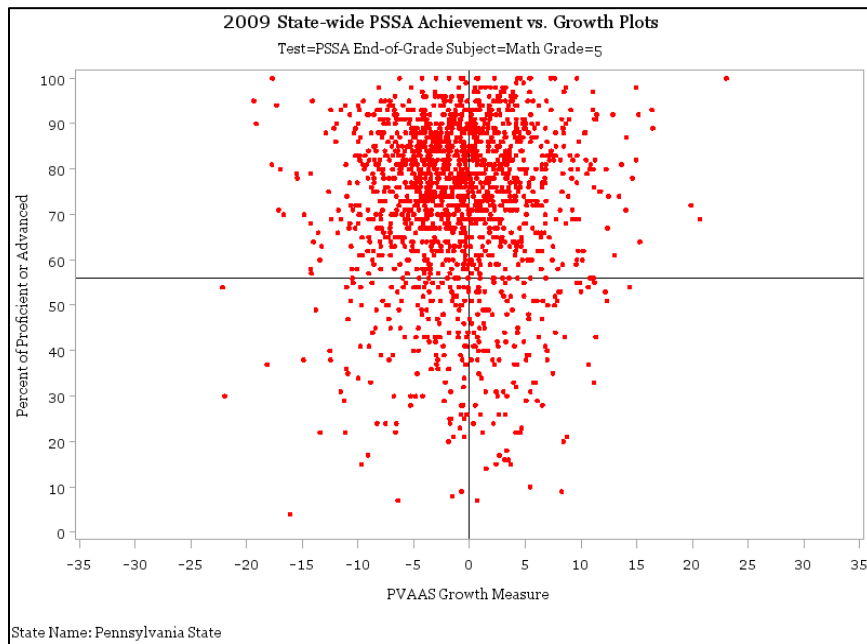

Statewide Grade 4 Mathematics

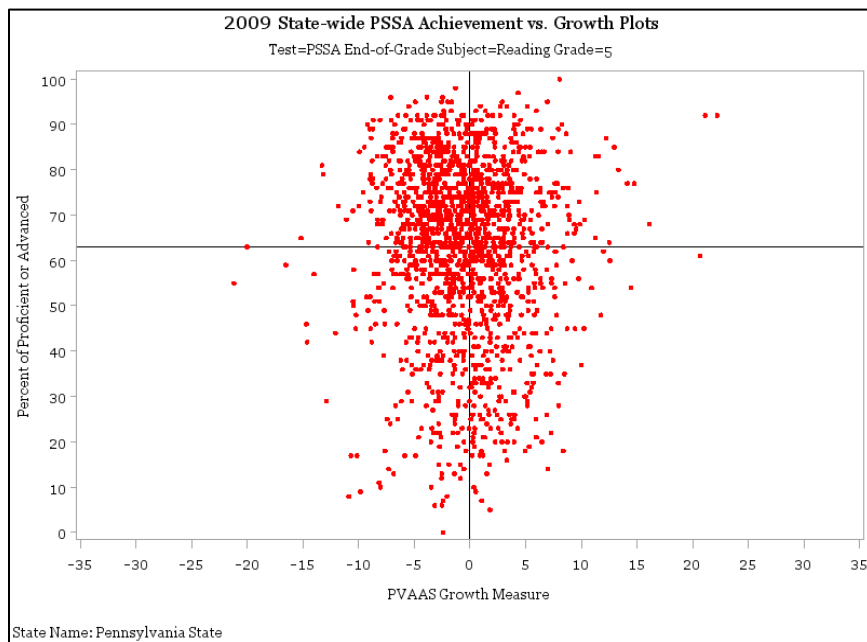

Statewide Grade 4 Reading

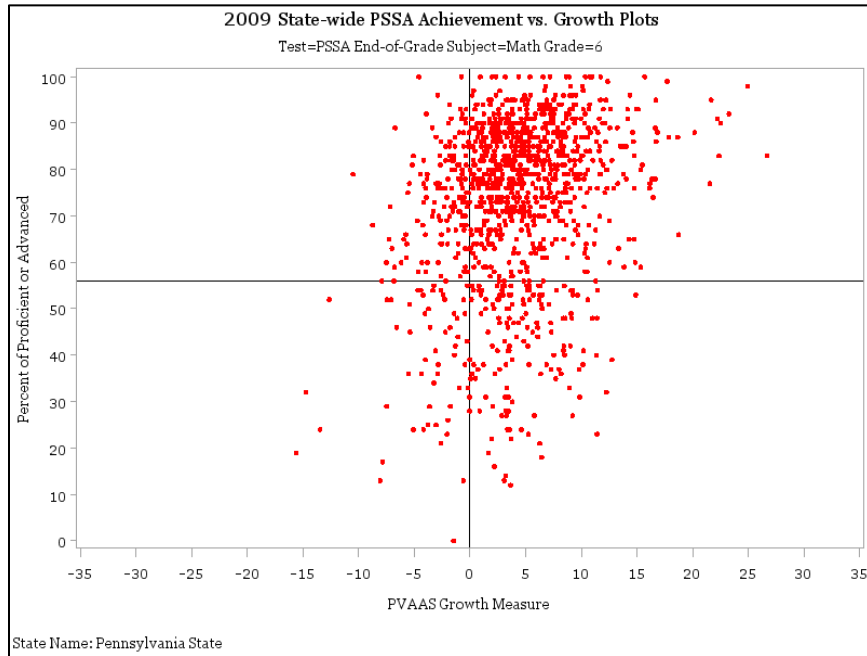

Statewide Grade 5 Mathematics

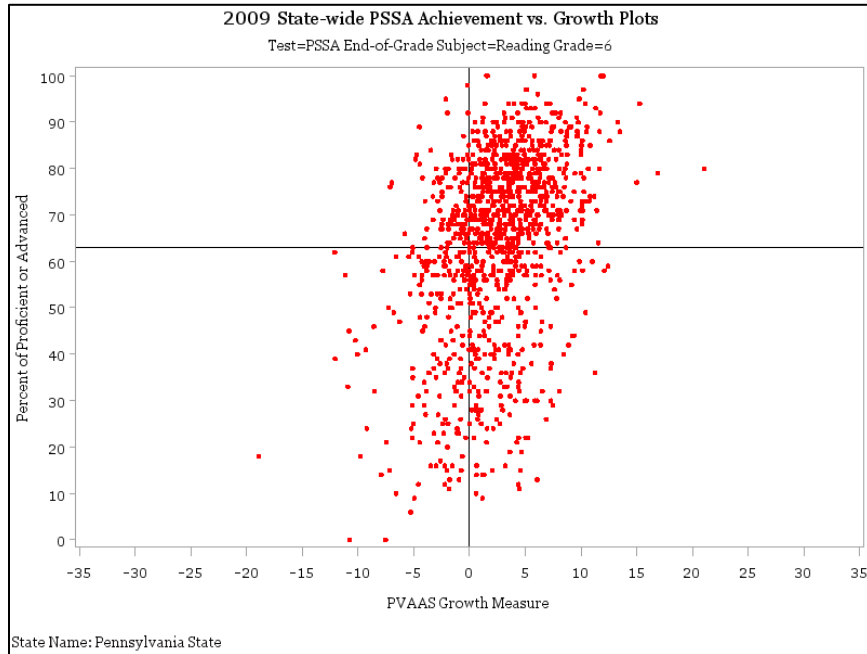

Statewide Grade 5 Reading

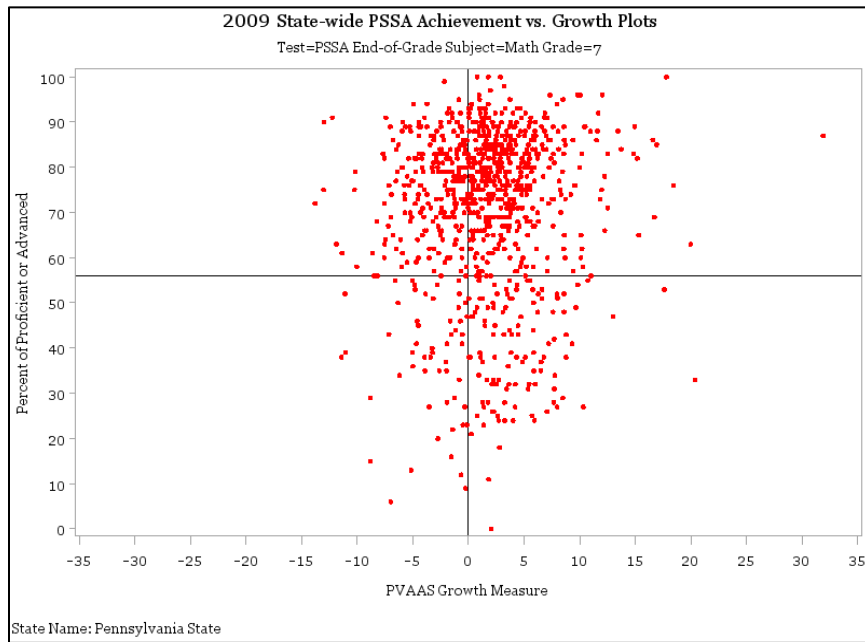

Statewide Grade 6 Mathematics

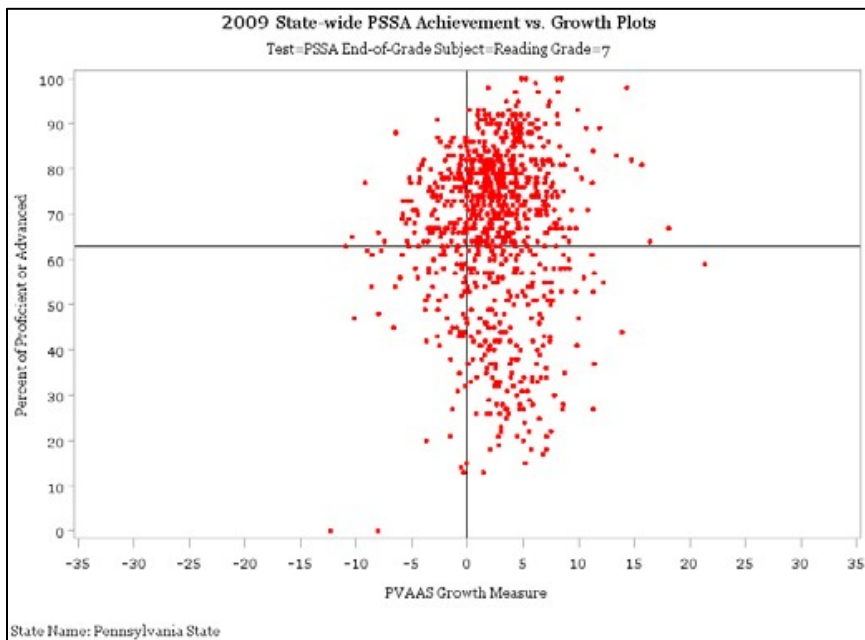

Statewide Grade 6 Reading

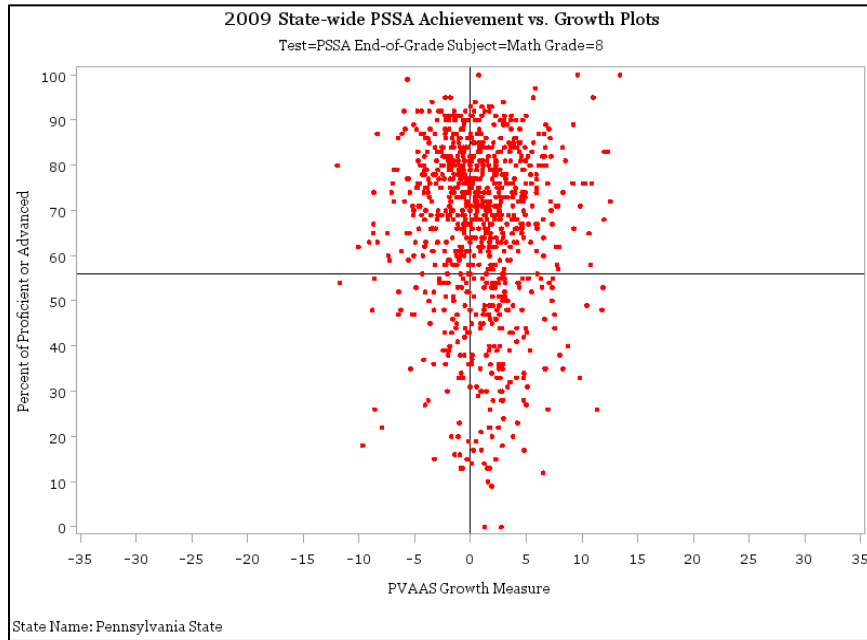

Statewide Grade 7 Mathematics

Statewide Grade 7 Reading

Statewide Grade 8 Mathematics

Statewide Grade 8 Reading
