PREFACE

The Pennsylvania Department of Education, Bureau of Career and Technical Education (BCTE), has compiled this resource guide, which lists industry-recognized certifications for career and technical programs in Pennsylvania's career clusters.

The resource guide is designed to assist schools with the process of identifying organizations that provide industry-recognized certifications. The guide is organized by career cluster.

Within each cluster, programs appear in CIP Code order with the name of the industry certification and provider. On Page 37 is an additional table that contains certifications that may be applicable to multiple clusters or programs.

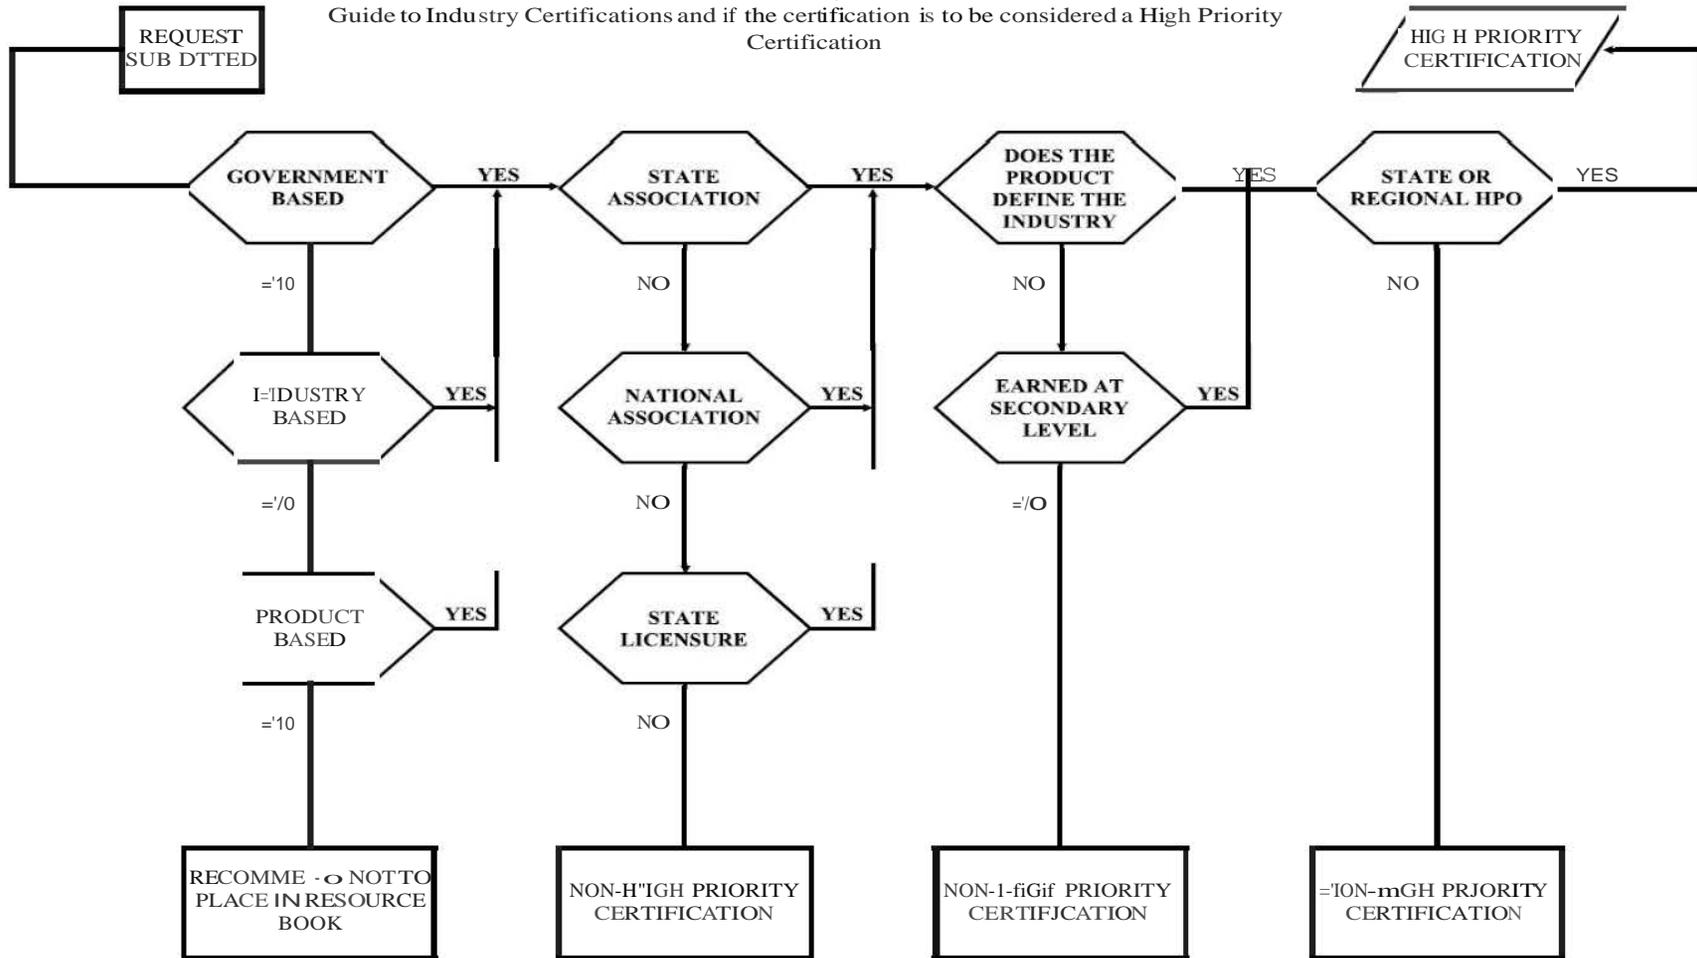

Appendix A contains industry certifications that are eligible for PIMS reporting but not considered High Priority Certifications.

Page 39 contains the requirements and form to request a new industry certification to be added to this guide.

General comments or questions about the resource guide should be directed to Beth Marshall at (717-783-6860) or betmarshal@pa.gov.

INDUSTRY CERTIFICATION FLOWCHART

This flowchart is used to determine if an industry certification will be listed in the Resource Guide to Industry Certifications and if the certification is to be considered a High Priority Certification
