2018-19 Education for Children and Youth Experiencing Homelessness Program Unique and Duplicate Counts by County

For the 2018-19 program year, education and community agencies identified 39,221 children and youth experiencing homelessness and served by Pennsylvania’s Education for Children and Youth Experiencing Homelessness (ECYEH) program (unique, unduplicated count). The population includes children under the age of five and youth enrolled in pre-K through grade 12. The unique count is based on where the child or youth was identified as homeless AND attributed to the local education agency (LEA) (school district, comprehensive technical school, or charter/cyber charter school) or entity (shelter, early intervention, pre-K program, etc.). Attribution is based on either their Pennsylvania System of School Assessment (PSSA) being attributed to the identifying LEA or where the child or youth was identified or enrolled the longest. The unique count is used for state education agency (SEA) EDFacts reporting.

The ‘where identified’ (duplicate) count is where the child or youth was identified as homeless; children or youth may be identified in more than one LEA or entity. Children and youth identified by multiple entities are only reported with their LEA(s), as applicable. Children and youth reported with a non-LEA were only identified by that entity. The duplicate count is used for LEA EDFacts reporting.
