Mr Michael Mahon
Superintendent
Abington Heights SD
200 E Grove St
Clarks Summit, PA 18411-1776

Dear Mr. Mahon:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Abington Heights SD’s property tax reduction allocation for 2020-2021 is $815,721.67.

Your allocation is made up of $801,235.98 from the property tax relief formula and $14,485.69 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Abington Heights SD must reduce property taxes by $815,721.67 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera

Austin, PA 16720-9601

Dear Mr. Sasala:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Austin Area SD’s property tax reduction allocation for 2020-2021 is $132,381.32.

Your allocation is made up of $132,381.32 from the property tax relief formula and $ 0.00 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Austin Area SD must reduce property taxes by $132,381.32 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera

Dear Dr. Leichliter:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Penn Manor SD’s property tax reduction allocation for 2020-2021 is $1,300,299.82.

Your allocation is made up of $1,283,251.04 from the property tax relief formula and $17,048.78 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

702 Warrendale Rd  
Gibsonia, PA  15044-0000

Dear Dr. Miller:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Pine-Richland SD’s property tax reduction allocation for 2020-2021 is $1,249,995.99.

Your allocation is made up of $1,243,197.28 from the property tax relief formula and $6,798.71 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Pine-Richland SD must reduce property taxes by $1,249,995.99 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera

Dear Dr. Harner:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Quakertown Community SD’s property tax reduction allocation for 2020-2021 is $2,107,511.53.

Your allocation is made up of $1,875,033.92 from the property tax relief formula and $232,477.61 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Quakertown Community SD must reduce property taxes by $2,107,511.53 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera

Dear Mr. Bower:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Rockwood Area SD’s property tax reduction allocation for 2020-2021 is $232,930.33.

Your allocation is made up of $232,721.67 from the property tax relief formula and $208.66 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Rockwood Area SD must reduce property taxes by $232,930.33 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera

Dear Mr. Aiken:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Shaler Area SD’s property tax reduction allocation for 2020-2021 is $2,041,125.17.

Your allocation is made up of $2,039,505.66 from the property tax relief formula and $1,619.51 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Dear Dr. Duval:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that South Allegheny SD’s property tax reduction allocation for 2020-2021 is $759,841.61.

Your allocation is made up of $759,473.73 from the property tax relief formula and $367.88 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

South Allegheny SD must reduce property taxes by $759,841.61 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Southern Lehigh SD’s property tax reduction allocation for 2020-2021 is $676,620.87.

Your allocation is made up of $618,502.05 from the property tax relief formula and $58,118.82 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Southern Lehigh SD must reduce property taxes by $676,620.87 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Dear Ms. Cross:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Sullivan County SD’s property tax reduction allocation for 2020-2021 is $208,614.31.

Your allocation is made up of $207,117.62 from the property tax relief formula and $1,496.69 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Sullivan County SD must reduce property taxes by $208,614.31 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Pedro A. Rivera

Mercersburg, PA  17236

Dear Dr. Strine:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2020-2021 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth’s Budget Secretary certified on April 15, 2020, that $621,000,000 will be available in 2020-2021 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach $679.7 million next year.

I am writing to notify you that Tuscarora SD’s property tax reduction allocation for 2020-2021 is $630,176.50.

Your allocation is made up of $630,049.21 from the property tax relief formula and $127.29 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Tuscarora SD must reduce property taxes by $630,176.50 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a “Notice of Property Tax Relief.” School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district’s allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district’s real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE’s Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Pedro A. Rivera
