Agriculture 1200	Instructional (degree program)	N/A	N/A

Description: An instructional program having a combination of subject matter and learning experiences designed to prepare individuals to receive, process and store food and non-food products and to inspect those products preparatory to marketing. This program includes instruction in processes, scientific principles and management decisions concerned with agricultural production of agriculture-related processing and storage techniques. The groups of food products include: (1) meat, fish, poultry and eggs; (2) dairy products; (3) fruits and vegetables; (4) cereal grains; and (5) other foods and beverages. The non-food products include cotton, tobacco and wool. Instruction may be provided in any or all groups of these products.

Notes: This CIP is no longer eligible for new program approval.
