Career and Technical/ Instructional 2600	Career and Technical - Instructional (non- degree)	Cooperative Education 2361	N/A

**Description:** An instructional program that operates as an integral part of career and technical education to provide a cooperative arrangement between the school and employers whereby the student receives general education instruction in the school and on-the-job training through part- time employment in business/industry. The area of training may be in any career and technical education area where there are needs for trained persons and must relate to the student’s career objective. The program was designed to provide training for those career and technical areas not presently being offered at the career and technical school or comprehensive high school and to serve students who are unable to gain admission to a career and technical program due to excessive applications.
