Independent Auditor's Report

To the Board of Trustees
Reach Cyber Charter School
Harrisburg, Pennsylvania

We have audited the accompanying financial statements of the governmental activities and the major fund of Reach Cyber Charter School (the School), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities the major fund of Reach Cyber Charter School as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 2, 2019, on our consideration of Reach Cyber Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Reach Cyber Charter School's internal control over financial reporting and compliance.

Management's Discussion and Analysis

June 30, 2018

The Board of Trustees of Reach Cyber Charter School (the School) offers readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2018. We encourage readers to consider the information presented here in conjunction with the School's financial statements.

Financial Highlights

- Total revenues increased by approximately \$16,704,000 due primarily to increased enrollment.
- At the close of the current fiscal year, the School reports an ending fund balance of \$5,081,189. This balance was the result of a \$3,021,292 surplus for the year ended June 30, 2018.
- The School's cash balance at June 30, 2018 was \$11,054,558 representing an increase of \$6,526,329 from June 30, 2017.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements as presented comprise four components: Management's Discussion and Analysis (this section), the basic financial statements, supplementary information, and single audit requirements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference between the components (assets and deferred outflows of resources, less liabilities and deferred inflows of resources) reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The *statement of activities* presents information showing how the School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The government-wide financial statements report on the function of the School that is principally supported by subsidies from school districts whose constituents attend the School.

Overview of the Financial Statements (Continued)

Fund Financial Statements

A *fund* is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes. The School, like governmental type entities, utilizes fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The School has only two fund types, governmental and fiduciary funds.

All of the School's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash. Such information is useful in assessing the School's financing requirements. In particular, *fund balance* may serve as a useful measure of a government's net resources available for spending for program purposes at the end of the fiscal year.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Supplementary Information

The governmental fund budgetary comparison schedule is presented for purposes of additional analysis. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Government-Wide Financial Analysis

Management has adopted Governmental Accounting Standards Board (GASB) Statement 34 which requires a comparative analysis of current and prior periods.

Governmental Fund

The focus of the School's *governmental fund* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, *fund balance* may serve as a useful measure of a government's net resources available for spending for program purposes at the end of the fiscal year.

The School's governmental fund (the General Fund) reported an ending fund balance of \$5,081,189.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2018, the School's investment in capital assets for its governmental activities totaled \$195,323 (net of accumulated depreciation). This investment in capital assets includes leasehold improvements and equipment and furniture.

Major capital asset purchases during the year included the following:

- Capital expenditures of \$142,318 for furniture and equipment

Additional information on the School's capital assets can be found in Note 4 of this report.

Long-Term Debt

The School does not have any long-term debt at this time.

Economic Factors and Next Year's Budgets and Rates

The School's primary source of revenue, the per student subsidy provided by the local school districts, will increase by approximately \$9,140,000 for fiscal year 2018-2019 due to increased enrollment.

Future Events That Will Financially Impact the School

Except as listed above, there are no known future events that will financially impact the School.

Note 1 Background and Summary of Significant Accounting Policies

Reach Cyber Charter School (the School) is organized as a nonprofit corporation in Pennsylvania to operate a charter school in accordance with Pennsylvania Act 22 of 1997. The School was granted a charter which ends on June 30, 2019. The charter may be renewed for additional five year periods.

The financial statements of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School's accounting policies are described below.

Government-Wide and Fund Financial Statements

The government wide financial statements (the statement of net position and the statement of activities) report on the School as a whole. The statement of activities demonstrates the degree to which the direct expenses of the School's function are offset by program revenues.

The fund financial statements (governmental fund balance sheet and statement of governmental fund revenues, expenditures and changes in fund balance) report on the School's general fund.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of the related cash flows. Grants and similar items are recognized as soon as all eligibility requirements imposed by the provider have been met.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

The government reports the following major governmental fund:

General Fund – The General Fund is the operating fund of the School and accounts for all revenues and expenditures of the School.

Note 1 Background and Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Amounts reported as program revenues include a per-student subsidy from local school districts as well as federal and state grants. Internally dedicated resources are reported as general revenues rather than as program revenues.

Method of Accounting

The School has adopted the provision of Statement No. 34 (“Statement 34”) of the Governmental Accounting Standards Board “*Basic Financial Statements – and Managements’ Discussion and Analysis – for State and Local Governments.*” Statement 34 established standards for external financial reporting for all state and local governmental entities, which includes a statement of net position and a statement of activities. It requires the classification of net position into three components – invested in capital assets, net of related debt; restricted; and unrestricted. These calculations are defined as follows:

- Invested in capital assets, net of related debt – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net assets component as the unspent proceeds.
- Restricted – This component of net position consists of constraints placed on asset use through external constraints imposed by creditors such as through debt covenants, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position – This component of net position typically includes unrestricted liquid assets.

The School implemented GASB No. 54, *Fund Balance Reporting and Governmental Type Definition*. In the fund financial statements, governmental funds report the following classifications of fund balance:

- Nonspendable - includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. The School classified prepaid expenses and security deposit as being nonspendable as these items are not expected to be converted to cash.

Reach Cyber Charter School
Notes to Financial Statements
June 30, 2018

Note 1 Background and Summary of Significant Accounting Policies (Continued)

Method of Accounting (Continued)

- Restricted - included amounts restricted by external sources, such as creditors or grantors, or by constitutional provision or enabling legislation.
- Committed - includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Trustees.
- Assigned - includes amounts that the School intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance.
- Unassigned - includes all amounts that are not included in other spendable classifications.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the School considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the School considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

Budgets and Budgetary Accounting

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual budget is adopted for the General Fund.

The Budgetary Comparison Schedule should present both the original and the final appropriated budgets for the reporting period. The School only has a general fund budget; therefore, the original budget filed and accepted by the Pennsylvania Department of Education is the final budget as well.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

Periodically, the School may maintain deposits in excess of the Federal Deposit Insurance Corporation's limit of \$250,000 with financial institutions.

Note 1 Background and Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The School's cash is considered to be cash on hand and demand deposits.

Capital Assets

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. All capital assets are capitalized at cost and updated for additions and retirements during the year. The School does not possess any infrastructure. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Capital assets of the School are depreciated using the straight-line method over the useful lives of the assets; furniture and fixtures (6-7 years) and equipment (3-6 years).

Advertising Costs

All costs associated with advertising and promotions are recorded as expenditures in the year incurred.

Income Tax Status

The School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Service Code. The School adopted the provisions of ASC 740-10, *Accounting for Uncertainty in Income Taxes*. Management evaluated the School's tax positions and concluded that the School had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The School files a Return of Organizations Exempt from Income Tax annually. The School's returns for 2017 and 2016 are subject to examination by the IRS, generally for three years after they were filed.

Note 2 Cash

The School's cash and cash equivalents balance at June 30, 2018, was \$11,054,558. The actual amount of cash on deposit in the School's bank accounts at June 30, 2018 was \$11,080,160. As of June 30, 2018, the School's bank balance was exposed to custodial credit risk as follows:

Uninsured and collateralized with securities held by the pledging bank's trust department, not in the School's name	<u>\$ 10,830,160</u>
Insured amount	<u>\$ 250,000</u>

Custodial Credit Risk-Deposits

Custodial credit risk is the risk that in the event of a bank failure, the School's uninsured deposits may not be returned. The School does not have a policy for custodial credit risk.

Note 3 Receivables

Receivables as of June 30, 2018 consist primarily of subsidies from federal, state, and local authorities. Receivables are shown net of an allowance for uncollectible accounts of \$59,807.

Note 4 Capital Assets

Capital asset activity for the year ended June 30, 2018 was as follows:

	Balance, 7/1/17	Additions	Deletions	Balance, 6/30/18
Equipment and furniture	111,253	142,318	-	253,571
Less: accumulated depreciation	16,065	42,183	-	58,248
	\$ 95,188	\$ 100,135	\$ -	\$ 195,323

Depreciation expense was \$42,183 for the year ended June 30, 2018.

Note 5 Funding

The School received funding from various local school districts on a monthly basis based on enrollment. The rate of funding per student is determined on an annual basis.

Note 6 Lease Commitment

The School entered into a lease agreement with Connections Education, LLC (CE) to lease a facility in Harrisburg, Pennsylvania under an operating lease agreement that expires August 31, 2022, plus two three-year renewal options. In addition to the basic rentals, the School is subject to additional costs including taxes, occupancy, and maintenance. Rent expense was \$174,598 for the year ended June 30, 2018.

Future minimum lease payments are as follows as of June 30, 2018:

Year ended June 30,	
2019	\$ 185,262
2020	190,820

Note 7 Retirement Plan

The School provides pension benefits for all of its employees through the Reach Cyber Charter School 403(b) Plan. Employees are required to participate from the date of employment, with a mandatory minimum contribution of 5%. The School will match the employees' contributions dollar for dollar up to 5% of their compensation. School contributions to the plan for the year ended June 30, 2018 totaled \$258,677.

Note 8 Risk Management

The School is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School carries commercial insurance for such risks.

Note 9 Grants

The School participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2018 may be impaired. In the opinion of the School, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Note 10 Professional Services Agreement

The School entered into an agreement with Connections Educations, LLC (CE) for curriculum, school management services, instruction, technology and other services. The agreement expires on June 30, 2019.

Under the contract, CE will provide direct materials/services or procurement and payment of services for the following:

1. Instructional materials as approved by the board.
2. Administrative personnel, including health and other benefits, as approved
3. Educational support services for participating families.
4. Training and other professional development as approved by the Board.
5. Hardware and software as approved by the Board.
6. Technical support for any hardware and software provided under the contract.
7. Maintenance of student records.
8. Services to special needs students as required by law.
9. Administrative services including expenditures for a facility and capital, both
10. Financial, treasury and other reporting as required by law.
11. Student recruiting and community education

Other Reports Required By Government Auditing Standards

**Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Trustees
Reach Cyber Charter School
Harrisburg, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Reach Cyber Charter School (the School) as of and for the year ended June 30, 2018 and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon, dated May 2, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such, that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Reach Cyber Charter School in a separate letter dated May 2, 2019.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion of the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Reach Cyber Charter School
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2018

Note 1 Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Reach Cyber Charter School (the School) under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School.

Note 2 Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

Note 3 Indirect Cost Rate

The School has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Report on Compliance for Each Major Federal Program

We have audited Reach Cyber Charter School's (the School) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2018. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School's compliance.

Opinion on Each Major Federal Program

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

May 2, 2019

To the Board of Trustees
Reach Cyber Charter School
Harrisburg, Pennsylvania

In planning and performing our audit of the financial statements of the governmental activities and the major fund of Reach Cyber Charter School as of and for the year ended June 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Reach Cyber Charter School's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Reach Cyber Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Reach Cyber Charter School's internal control.

However, during our audit we became aware of one matter that is an opportunity for strengthening internal controls and operating efficiency. Our comments and recommendations regarding this matter is presented below. A separate report dated May 2, 2019 contains our report on Reach Cyber Charter School's internal control over financial reporting in accordance with Government Auditing Standards in which we did not identify any deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses. This letter does not affect our report dated May 2, 2019 on the financial statements of Reach Cyber Charter School.

The accounting/bookkeeping function is handled primarily by Connections Education, LLC (CE) pursuant to a service agreement. In addition, certain School expenditures are paid by CE and reimbursed by the School. Per discussions with management it was determined that access to the books and records maintained by CE has been limited, and the School has limited capacity to review all pass-through and fee-based expenditures billed each month by CE. We recommend that the School implement procedures for a comprehensive monthly review of the CE accounting/bookkeeping services.

We will review the status of these comments during our next audit engagement. We have already discussed these comments with School personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, the Board of Trustees, and others within the School, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

A handwritten signature in cursive script that reads 'SD Associates P.C.'.

To the Board of Trustees

Reach Cyber Charter School

We have audited the financial statements of the governmental activities and the major fund of Reach Cyber Charter School for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 9, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Reach Cyber Charter School are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2018. We noted no transactions entered into by Reach Cyber Charter School during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the government wide financial statements were:

Management's estimate of depreciation and amortization is based on the estimated useful lives of the underlying assets. We evaluated the key factors and assumptions used to develop the depreciation and amortization expense in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the allowance for doubtful accounts is based on a historical analysis of collectability. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 2, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Reach Cyber Charter School's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Reach Cyber Charter School's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Governmental Fund Budgetary Comparison Schedule, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This information is intended solely for the information and use of the Board of Trustees and management of Reach Cyber Charter School and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Component VII: General Fiscal Requirements/Uniform Grants Guidance (UGG)

Fiscal monitoring is different than program monitoring: Fiscal monitoring will include a review of a subgrantees financial operations, which may include a review of internal controls for program funds in accordance with state and federal requirements, an examination of principles, laws and regulations, and a determination of whether costs are reasonable and necessary to achieve program objectives. This activity involves an assessment of financial statements, records, and procedures. It is similar to an audit, but has a lesser degree of detail and depth and, usually, a higher degree of frequency.

Fiscal monitoring includes, but is not limited to:

- Reviewing a random sample (usually 3-5 per program) of invoices or bills for expenditures charged to the program to determine if appropriate units of measure are reported and that costs (units x rate) are correct and that costs align with grant objectives and were approved in the application for funds.
- Comparing budgets or budget limits to actual costs to determine if the LEAs expenditures are likely to be more or less than budgeted
- Obtaining documentation that services billed or items purchased were actually delivered according to the contract
- Comparing invoices with supporting documentation to determine that costs were allowable, necessary, and allocable.

An expenditure is allowable if it is an approved use of funds under the statute or regulations governing a program and meet the intent of the program.

An expenditure is necessary if it is part of an approved application for funding.

An expenditure is allocable to the extent that the expenditure is used to meet the intent of the grant program (costs are pro-rated across grants if used to meet several grant program objectives).

Component VIII: Supplement not Supplant

Sect. 1118(b)(2)

Description	Requirements	Response				Comments
		1	2	3		
Methodology to Allocate State and Local Funds	1. Federal funds must be used to supplement and in no case supplant state and local resources. LEAs must show methodology used to allocate State and local funds is the same as it would be in the absence of Title I funds. This is an LEA decision, and PDE does not prescribe methods. Please explain your methodology used at the LEA level to allocate funds equitable to schools despite Title I status.	Not applicable - Reach is a single building school district and does not allocate funds to separate school buildings.				

Comments

The LEA is to complimented on their preparation for this monitoring visit. Documentation was readily available. The only finding was the lack of an equity plan. The staff enthusiastically shared how the program operates and appears to be very student and parent centered.

Title II Part A

Component I: Title IIA Requirements

The purpose of this title is to provide grants to State educational agencies and subgrants to local educational agencies to (1) increase student achievement consistent with the challenging State academic standards; (2) improve the quality and effectiveness of teachers, principals, and other school leaders; (3) increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and (4) provide low-income and minority students greater access to effective teachers, principals, and other school leaders.
