TEACHER INFORMATION

Describe the LEA's system used to evaluate the performance of your teachers:

MIU IV uses PDE forms 426 and 428 to evaluate our teachers. The PDE forms are based on the Danielson model of effective teaching and supporting research. We use the indicators on these forms to help our directors, supervisors and principals as they evaluate the teachers during annual observations of Instructional II teachers and semi-annual observations of Instructional I teachers. Teachers who are identified as needing improvement are placed on an improvement plan and are carefully monitored by a team which includes the director and supervisor of the program along with the director of human resources. Supports, including professional development, are offered to a teacher on an improvement plan. MIU IV does not use the evaluation system to determine salary adjustments; however, unsatisfactory evaluations may lead to dismissal.

Does the LEA use the results of the teacher evaluation system described above in decisions regarding:

a. Teacher Development? Yes
