TEACHER INFORMATION

Describe the LEA's system used to evaluate the performance of your teachers:

The Allegheny-Clarion Valley School District uses forms 426 and 428 to evaluate our teachers. The PDE forms are based on the Danielson model of effective teaching and support research. We use the indicators on these forms to help our principals as they evaluate the teachers during annual observations of Instructional II teachers and semi-annual observations of Instructional I teachers. Teachers who are identified as needing improvement are observed more frequently with support and coaching between observations. Special attention is focused on those indicators related to teacher's use of technology to differentiate instruction in an effort to meet the individual students' needs. The use of technology to differentiate instruction is a component of our ongoing professional development. Additional professional development is available for teachers who are found to need improvement through the observation process. Allegheny-Clarion Valley School District does not use a weighted system to rate teachers on the PDE 426 and 428. Areas are rated either satisfactory or unsatisfactory. Our district does not use the evaluation system to inform salary decisions however unsatisfactory evaluations can lead to dismissal. Teachers are evaluated by the Superintendent, High School Principal, Elementary Principal and the Director of Education.

Does the LEA use the results of the teacher evaluation system described above in decisions regarding:

- a. Teacher Development? No
- b. Teacher Compensation? No
- c. Teacher Promotions? No
- d. Teacher Retention and Removal? Yes

Principals recommend various professional development activities and courses to each of their teachers based on the results of yearly teacher evaluations done.

Our district follows the PA Code and may dismiss teachers who have accumulated 2 consecutive unsatisfactory evaluations.

Does the LEA teacher evaluation system described above include the following as evaluation criterion:

- a. Student Achievement Outcomes? No
- b. Student Growth Data? No

How often does the LEA formally evaluate:

- a. New Teachers (Less than 3 Years)? Twice a year
- b. Experienced Teachers (More than 3 Years)? Annually

Does the LEA use weighting formula(e) and/or rubric(s) to guide teacher evaluators?

- a. Yes or No? If Yes, describe background and process. No

Does the LEA publicly report teacher evaluation data by school?

- a. Yes or No? (Web link provided if applicable.) No

PRINCIPAL INFORMATION

Describe the LEA's system used to evaluate the performance of your Principals:

The Allegheny-Clarion Valley School District evaluates its principals annually using the Administrator Performance Appraisal form. This assessment measures the principal's effectiveness using data collected by the superintendent throughout the year in addition to written narratives submitted by the principals regarding the accomplishment of their professional and personal goals. The Administrator Performance Appraisal rates the principals on a scale of one to four, with one being the lowest and four the highest. The areas evaluated are: Shared Vision, Culture of Learning, Decision Making, Management, Family and Community, Ethics, Advocacy, and Personal and Professional Growth. The point total is used to rate the principals as Advanced, Satisfactory, Basic, or Below Basic. Upon compilation of the scores, the superintendent meets with each principal to discuss the appraisal and to develop professional and personal performance goals for the next year. Principals rated Below Basic are given professional development related to their deficiencies, and then re-evaluated mid-year.

Does the LEA use the results of the principal evaluation system described above in decisions regarding:

a. Principal Development? Yes

Principals are encouraged to participate in workshops and trainings relevant to areas rated satisfactory or lower.

b. Principal Compensation? Yes

According to the act 93 agreement the principal's salary is determined by a formula. The actual raise equals an administrative raise of 90% of the maximum raise plus a merit raise determined by an evaluation applied to 10% of the maximum raise.

c. Principal Promotions? No

d. Principal Retention and Removal? Yes

The focus of the Allegheny-Clarion Valley School District is to improve the performance of principals. Principals receiving an ineffective rating will receive intensive professional development and a specific performance plan for the following year. A second ineffective rating will result in dismissal.

Does the LEA principal evaluation system described above include the following as evaluation criterion:
