

# PENN\*LINK Mailing Lists

---

Only those who have valid PENN\*LINK addresses (or Internet addresses to which PENN\*LINK mail has been officially forwarded) are authorized to send to these lists.

If you use the PENN\*LINK service, you may want to copy the names of the lists you use frequently into the Address Book or Nicknames file of your email software. That way it will be available to you whenever you need to send to that lists.

Most lists will send messages to one email account for each PENN\*LINK account on the list. It is up to each LEA or organization to decide how each message is handled at that point. It could be electronically forwarded, printed and posted, printed and routed or any other method that the recipient feels is appropriate.

If you have any comments, suggestions or questions, please send email to PENN\*LINK, PDE [ra-edweb@pa.gov](mailto:ra-edweb@pa.gov).

## How to address messages to lists below

In the listing below, you will see a list name prefix, followed by a description of who you will reach with that list. In the first example: pl-all-aps is the list name prefix, and "Special Education approved private schools with PENN\*LINK accounts" is the description of who you will reach. To address messages to list on this page, please type the list name prefix followed by **@lists.psu.edu**.
