Dr Christopher L Shaffer
Superintendent
Abington Heights SD
200 E Grove St
Clarks Summit, PA 18411-1776

Dear Dr Shaffer:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Abington Heights SD's property tax reduction allocation for 2022-2023 is \$1,027,846.17.

Your allocation is made up of \$1,009,873.47 from the property tax relief formula and \$17,972.70 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Abington Heights SD must reduce property taxes by \$1,027,846.17 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Lori A. Graham".

Dear Mr Geffken:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Benton Area SD's property tax reduction allocation for 2022-2023 is \$442,606.64.

Your allocation is made up of \$441,814.14 from the property tax relief formula and \$792.50 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Benton Area SD must reduce property taxes by \$442,606.64 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Dr Abram M Lucabaugh
Superintendent
Central Bucks SD
20 Welden Dr
Doylestown, PA 18901-2359

Dear Dr Lucabaugh:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Central Bucks SD's property tax reduction allocation for 2022-2023 is \$7,605,998.22.

Your allocation is made up of \$5,959,340.37 from the property tax relief formula and \$1,646,657.85 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Johnstown, PA 15906

Dear Mr Hazenstab:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Conemaugh Valley SD's property tax reduction allocation for 2022-2023 is \$342,977.14.

Your allocation is made up of \$342,944.52 from the property tax relief formula and \$ 32.62 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Conemaugh Valley SD must reduce property taxes by \$342,977.14 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

Edinboro, PA 16412-1025

Dear Dr Lane:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that General McLane SD's property tax reduction allocation for 2022-2023 is \$654,275.85.

Your allocation is made up of \$653,667.00 from the property tax relief formula and \$608.85 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Mr John A Rushefski
Superintendent

Jim Thorpe, PA 18229-1702

Dear Mr Rushefski:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Jim Thorpe Area SD's property tax reduction allocation for 2022-2023 is \$931,976.43.

Your allocation is made up of \$914,999.27 from the property tax relief formula and \$16,977.16 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

A handwritten signature in black ink that reads "Lori A. Graham".

Pottstown, PA 19465-8402

Dear Dr Stout:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Owen J Roberts SD's property tax reduction allocation for 2022-2023 is \$1,890,832.93.

Your allocation is made up of \$1,679,179.61 from the property tax relief formula and \$211,653.32 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Owen J Roberts SD must reduce property taxes by \$1,890,832.93 through a homestead and farmstead exclusion. Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,

A handwritten signature in black ink that reads "Lori A. Graham".

Mr Samuel A Rotella Jr
Superintendent
Southern Tioga SD
241 Main St
Blossburg, PA 16912-1125

Dear Mr Rotella:

I am pleased to inform you that school districts will be able to continue reducing local property taxes in the 2022-2023 school year as a result of the distribution of state gaming funds through the Taxpayer Relief Act, also known as Special Session Act 1 of 2006.

As required by law, the Commonwealth's Budget Secretary certified on April 15, 2022, that \$778,300,000 will be available in 2022-2023 for state-funded local tax relief. When combined with the expansion of the senior citizen Property Tax/Rent Rebate program, total state-funded property tax relief will reach \$867.1 million next year.

I am writing to notify you that Southern Tioga SD's property tax reduction allocation for 2022-2023 is \$826,517.05.

Your allocation is made up of \$825,662.43 from the property tax relief formula and \$854.62 in Sterling Act reimbursements, which have both been prorated based on the total funds available for tax relief.

Please see section 343 of Act 1 for details about what information must appear on the tax bill, including the requirement for a "Notice of Property Tax Relief." School districts may also reject their property tax reduction allocation, as described in Chapter 9 of the law.

The detailed data used to calculate your school district's allocation is available for review at www.education.pa.gov/PropertyTax. Then select Property Tax Reduction Allocations found under Resources.

Before finalizing the school district's real estate tax rate and preparing real estate tax bills, it is important to assure that the homestead/farmstead exclusion (i.e., reduction in assessed value) does not exceed 50 percent of the median assessed value of homestead properties pursuant to 53 Pa CS 8586.

Questions concerning these calculations may be directed to PDE's Division of Subsidy Administration at ra-PropertyTax@pa.gov.

Sincerely,
