The purpose of the Migrant Education Program is to ensure that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment. States use program funds to identify eligible children and provide education and support services. These services include academic instruction, remedial and compensatory instruction, bilingual and multicultural instruction, vocational instruction, career education services, special guidance, counseling and testing services, health services, and preschool services. The funding is for the administration of a grant program to provide remedial education to children of migrant workers, supplementing state and local funded programs. The expected outcome is to continue to raise the levels of achievement for the participating children.

Performance budget period is 7/1/2023 - 9/30/2024.

Complement need for Budget Request 2023-24 remains at five (5) positions.

The grant provides for mandated state administrative services and technical assistance costs to administer Title I and Career and Technical Education Assistance to the states from the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV). The law mandates the submission of an acceptable state plan, the collection of data, the evaluation of activities, and the review of financial reports and audits. **Maintenance of Effort requires that for each fiscal year for which federal funds are provided, the state shall provide from non-federal sources for such costs the state incurs for the administration of programs an amount not less than the amount provided by the state from non-federal sources for such costs for the preceding fiscal year.

Performance budget period is 7/1/2023 - 9/30/2024

Complement need for Budget Request 2023-24 remains at 19 positions.

Does this grant include a Tydings Amendment? Y

Does this grant include a required match? Y

Add justification for any increase/decrease in appropriation level. - The requested increase of year-over-year funds is related to the administrative cost to support and operate the program. In projecting upcoming personnel costs, the program area needs to ensure administrative and operating costs are covered appropriately to ensure program integrity for its recipients.

Add justification for any increase/decrease in appropriation level. An increase in appropriation is being requested due to the remaining funds from the prior year(s). There is at least \$99,999 remaining in the Payment Management System (PMS) account from years 1 – 3 (August 1, 2018 – July 31, 2021). The old \$99,999 was awarded as an offset in Year 5. That means the old \$99,999 is now available for use in Year 5. The agency, the Pennsylvania Department of Education, is allowed to spend \$100,000 (\$1 new + \$99,999 old) for Year 5. The Centers for Disease Control is extending the School Health Grant for an additional year.

The Omnibus Budget Reconciliation Act of 1987, as amended in 1989, makes federal matching funds available to provide for the evaluation of approximately 40,000 nurses' aides to determine competency. The Pennsylvania Department of Education will either evaluate nurses' aide credentials or provide the nurses' aides with the opportunity to take a written or oral examination and a performance skills assessment. The actual available required state match of 50/50 is determined by comparing state-estimated expenditures to the state-required matching. Budget/revised state match is determined by comparing federal appropriation to required state matching.

Performance budget period is 10/1/2023 - 9/30/2024

Complement need for Budget Request 2023-24 remains at zero (0) positions.

Does this grant include a Tydings Amendment? N

This grant includes a required match? Y

Add justification for any increase/decrease in appropriation level. Due to past trends and overall recalculations in operating needs, the program does not utilize all authorized spending authorities. The program is only requesting spending authority based on Federal allocations to better align requested dollars in relation to actual expenditures as well as historical carryover.

Police Services Training Program activities include training municipal police officers to operate and maintain breath test instruments. Courses are also conducted in D.U.I. detection, standardized field sobriety testing, horizontal gaze nystagmus, drug interdiction courses, etc. All project activities are detailed in a federal grant approved by the Pennsylvania Department of Transportation, Bureau of Highway Safety and Traffic Engineering. Project funds are used for salaries, travel expenses, rent of classroom/lab facilities, part-time instructors, equipment maintenance and supplies, student materials, etc.

Performance budget period is 10/1/2023-9/30/2024

Complement need for Budget Request 2023-24 remains at seven (7) positions.

Does this grant include a Tydings Amendment? N

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level: The increased amount is due to the required police officer training needed for collision courses and the proposed course curriculum for outlaw motorcycle gangs. PennDOT's Safety Advisory Committee has agreed that there is a need for this additional training and plans to fund it through the State and Community Highway Safety Program.

These funds provide initial or continued funding for a full-time National Assessment of Education Progress (NAEP) State Coordinator. The role of the full-time NAEP Coordinator is to serve as the liaison between the state Education Agency (SEA) and the National Center for Education Statistics (NCES), which administers the National Assessment of Educational Progress. The state coordinator also serves as the SEA's representative to NCES, coordinates reviews of NAEP assessment items and processes, coordinates the NAEP administration in the state, analyzes and reports NAEP data, and coordinates the use of NAEP results for policy and program planning.

Performance budget period is 7/1/2023 - 6/30/2024.

Complement need for Budget Request 2023-24 remains at one (1) position.

Does this grant include a Tydings Amendment? N

Does this grant includes a required match? N

Add justification for any increase/decrease in appropriation level. The funding increase request is due to an uptick in salary, benefits, and operating costs (including travel). Travel increases are due to projected complications of traveling with COVID-19 limitations.

The purpose of the Migrant Education Program is to ensure that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment. States use program funds to identify eligible children and provide education and support services. These services include: academic instruction; remedial and compensatory instruction; bilingual and multicultural instruction; vocational instruction; career education services; special guidance; counseling and testing services; health services; and preschool services. The Migrant Education Program Consortium Incentive Grant Program provides incentive grants to State Education Agencies (SEAs) that participate in high quality consortia with another SEA or other appropriate entities to improve the delivery of services to migrant children whose education is interrupted.

Performance budget period is 7/1/2023 - 9/30/2024.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The purpose is to implement a five-year staff development, capacity building, technical assistance plan, and grant program to assist school districts in five counties in the development of programs designed to meet the educational needs of refugee students. Program Activities include but are not limited to working with local officials to assure homeless children are receiving an appropriate education. The Program Officer will supervise and monitor related activities ensuring compliance and goals are being achieved.

Performance budget period is 7/1/2023 to 9/30/2024

Complement need for Budget Request 2023-24 remains at one (1) position.

Does this grant include a Tydings Amendment? No

Does this grant include a required match? No

Add justification for any increase/decrease in appropriation level. The Refugee School Impact Development appropriation will decrease in funding for the state fiscal year 2023-24 from \$9 million to just over \$2 million. A significant reduction in funding is directly correlated to the Pennsylvania Department of Human Services not expecting the additional dollars from the Afghan and Ukrainian to be received in future federal grant allocations.

Funds are used to expand K-12 longitudinal data systems to include mandated preschool data, teacher data, finance data, and other K-12 data included in the system. They are also used to create consolidated P-16 data systems in a manner consistent with the requirements of the Family Education, Rights and Privacy Act, as well as import workforce data from other sources to assess the extent to which high school graduates are adequately prepared for work or further education. In addition, funds are used to support department initiatives relative to the Statewide Longitudinal Data System (SLDS), improve the research capacity in the department, and inform pandemic-related data collections.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The purpose of the grant is to develop and strengthen the Office of Commonwealth Libraries services, and collaborations with community organizations in all types of libraries for individuals of all ages in order to support their needs. Key program activities include access to lifelong learning and literacy programming; interlibrary loan and nationwide digital library services; continuing education, training, and support for library personnel statewide; unique services for underserved populations with special needs; and workforce development initiatives. Expected results are equitable library services in Pennsylvania.

Performance budget period is 10/1/2023 - 9/30/2024

Complement need for Budget Request 2023-24 has been changed to 19 positions. This change is due in part to aligning the work being performed by a position that had been funded using federal dollars when the bulk of the work had been on state projects. This change allows us to update the complement to reflect positional work and the appropriate fund source.

Does this grant include a Tydings Amendment? N

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. Request level funding to continue current program.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

The purpose of this grant is to assist Local Education Agencies (LEAs) in providing a free appropriate public education (FAPE) to all children with disabilities in schools. Subgrants are made to each of the 29 intermediate units to work with respective member districts to supplement services for eligible students with disabilities. In addition, LEAs are awarded subgrants to initiate direct/support services on a statewide, regional or local basis. Expected Results: Students receive supplemental services to implement FAPE for all students with disabilities in Pennsylvania.

Performance budget period is 7/1/2023 - 9/30/2024

Complement need for Budget Request 2023-24 remains at zero (0) positions.

Does this grant include a Tydings Amendment? Y

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. The increase in the FY 2023-24 federal appropriation level is being requested in order for states and local education agencies (LEAs) to meet the federal mandates for providing free appropriate education in the least restrictive environment for children with disabilities. The President's FY 2023 education budget request includes an estimated 21.3% funding increase for the Special Education - Grants to States program to assist States and LEAs in meeting these mandates.

Grants assist states in providing nutritionally adequate meals to all children to safeguard their health and well-being, and to encourage the domestic consumption of nutritious agricultural commodities and other foods. The children participating in the program will also gain a full understanding of the relationship between proper eating and good health. Federal law requires a match equal to 30 percent of Section 4 expended in school year 1980-81 provided the per capita income of the state is less than the per capita of the United States. The matching requirement so computed shall be decreased by the percentage that the state per capita income is below the per capita income of the United States. (Funds expended for the year 1980-81 were \$35,142,577 and the match calculates to \$10,544,273). Match has been met each fiscal year with expenditures from School Food Services. □

Performance budget period is 10/1/2023 - 9/30/2024

Complement need for Budget Request 2023-24 remains at zero (0) positions.

Does this grant include a Tydings Amendment? N

Does this grant include a required match? Y

The request is a significant increase due to increased participation in the program because of USDA Waivers associated with the COVID public health emergency. USDA meal rates, that normally increase by approximately 3% per year have increased by 7% for the current program year of 7/1/2022 through 6/30/2023, Keep Kids Fed Act (KKFA) also implemented a .40 per lunch, .15 per breakfast and .10 per Child and Adult Care Food Program (CACFP) meal increase for FFY2022. The budget request has been calculated anticipating the extension of the KKFA.

18. Grant description and results (give purpose of grant and describe key program activities and expected results in terms of a major program measure).

A 100 percent federally funded supplemental education program that provides financial assistance to Local Education Agencies to improve educational opportunities for educationally deprived children. Title I programs are designed to help children meet the state content and performance standards in reading, language arts, and mathematics. Neglected and Delinquent funds help provide educational continuity for children and youths in state-run institutions for juveniles and in adult correctional institutions, so that these youths can make successful transitions to school or employment once released. Funds are allocated by formula to State Education Agencies, which make subgrants to the state agencies responsible for educating neglected or delinquent children and youths. Also, included on this RAFF are approximately \$8.87 million in new Migrant Ed-Local funds and \$1.548 million in the new State Agency for Neglected and Delinquent grant, which fall under fund 70075.

Performance budget period is 7/1/2023 - 9/30/2024

Complement need for Budget Request 2023-24 remains at zero (0) positions.

Does this grant include a Tydings Amendment? Y

Does this grant include a required match? N

Add justification for any increase/decrease in appropriation level. The current projection for FY23 Title I Local funding (approximately \$1,406,213,919) is more than a 100 percent increase over the FY22 Title I Local funding (approximately \$643 million). The FY23 Title I Local funding amount is extracted from the total Title I grant as expressed on the USDE tables as of 9/02/2022. The total New Grant Award amount for Fund 70075 includes the Title I Local at \$1,406,214, the State Agency Neglected and Delinquent Local at \$1,548, and the Migrant - Local at \$8,872, for a grand total of \$1,416,634. Discussions at the federal level indicate that this major increase for Title I in the President's proposed budget for FY 2023 is intended to offset the drop-off in revenue for local educational agencies (LEA) that will be occurring as the one-time, COVID-19-related grants begin to expire. Due to the projection, FY 2023 Title I award is set to increase by more than 100 percent. Therefore, spending authority is proposed for FY 2023 appropriation at \$1,685,000.
