						Topical Area 9: Other Non-compliance Issues			
						The LEA will hold an IEP meeting on the students identified under a separate cover and determine and document the following: (a) Is the student receiving the type and amount of special education instruction based on his/her need? (Not only upon what is currently available at the school). (b) Parents are aware that "inclusion" is only one of the special education options available by the LEA, and that based on the needs of the student, services may be increased. (c) Based upon the lack of services (if applicable) due to underserving students or inconsistent implementation of the IEP, is the student entitled to any compensatory education? If yes, how much and how will it be delivered?
